The EntreComp Community is an online space tackling the challenge of how to ensure learning experiences develop the necessary skills for life, work and change-makers. Underpinned by EntreComp, the community is about supporting education and learning professionals to connect, learn, share and get recognised about their efforts to tackle the ongoing skills gap across Europe and globally, helping learners have ideas and put ideas into action... to create new value in the world around them. The EntreComp Community has been founded through support from (1) EntreComp Europe - a project via the COSME programme of the European Union, and (2) EntreComp360 - an EU co-financed Erasmus+ project. The EntreComp Awards are an initiative of the European Union.
